1. One of the operating offices has requested determination of the applicability of certain laws to the retirement of Colonel . Such a determination can be made only if we know the exact nature of his retirement, and we are turning to you for that information.

25X1A

2. In an earlier conversation with you, we were informed that  was retired because he was permanently unfit for duty, by reason of physical disability of 60%, incurred while serving on active duty, in accordance with Sections 402 and 409 of the Act of 12 October 1949, Public Law 351, 81st Congress.

3. Our specific question concerns the subsection of Section 402 applicable in this case. If  was retired under 402(a), a determination was made that his disability was the "proximate result of the performance of active duty;" if he was retired under 402(b), a determination was made that his disability was incurred "while entitled to receive basic pay."

25X1A

4. Please inform us whether  was retired under 402(a) or 402(b), and if possible, the exact language used by the retirement board.
